TOUCH DOWN AT OUR AIRPORT

to get your project off the ground

Are you organising an event to promote your business and its products? Nice Côte d'Azur Airport can contribute to your success. How?

- By opening wide the gates to the French Riviera to you. One of the most beautiful corners of the world, famous for its 'art de vivre', the quality of its infrastructures and beauty of its landscapes. A unique and prestigious setting that will make your event stand out.
- By facilitating the arrival of your guests with a network of more than 100 national and international destinations, for the most part flying daily, even round trips. Exceptional flexibility for your organisation.
- By offering you attractive, privatised exhibition spaces right in the very heart of the Riviera: the airport car parks and forecourts. Available for one or more days rental for your different events: car launches, multifarious exhibitions, film shoots...

With direct access to the motorway, close to the region's main towns and cities (Nice, Cannes, Monaco and Saint-Tropez), our exhibition sites are easily accessible by all types of vehicle.

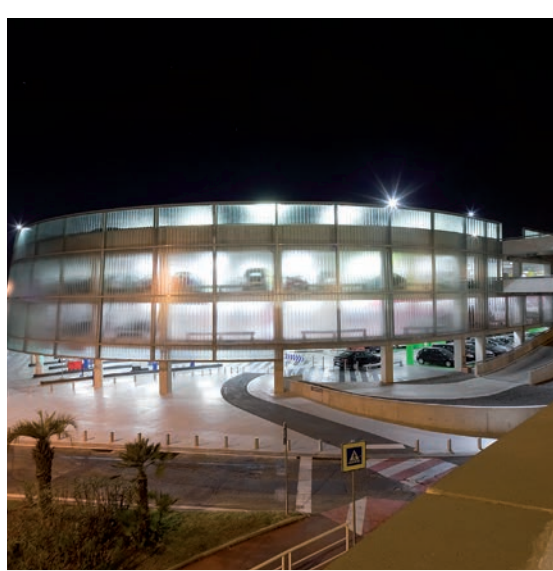

À LA CARTE EXHIBITION SPACES

for running your promotional campaign as effectively as possible

Find the best answer to your needs, the one that contributes to the success of your event, with the exhibition spaces at Nice Côte d'Azur Airport. We offer a variety representing a total area of several thousand m². You will be able to install a temporary reception structure, stands, your show trucks...

Choose the exhibition space(s) best suited to your event:

- **VIP Spaces:** covered and secured, directly accessible from the terminals, bringing a special touch of prestige to your event.
- **Contact Spaces:** areas adjoining Terminals 1 and 2, a major asset for a smoother customer journey.
- **Other Exhibition Spaces:** areas of varying size, close to the terminals. Ideal for events involving large structures (show trucks, reception tents, film control room...) among other things.

A TEAM OF EXPERTS for top-flight service

Our experienced team works hand-in-hand with you throughout your event, from design to execution. Providing you with our advice, recommendations, our sense of service and detail. Your gains in availability and performance leave you to concentrate solely on your customers and event.

- Commercial Development Manager Florence Lucquaud-Deleplace remains your preferential contact at each stage of your project, from planning (needs analysis, feasibility study, bespoke price proposals, administrative procedures, relations with other service providers...) to its conclusion.
- The Mobility & Parking Managers are in charge of the operational element, discussing adapted and personalised logistic solutions with you: management of proposed areas, barriers, installing a dedicated exit...
- Our technical team is at your disposal to combine expertise and infrastructure: linking our various networks (electricity, Wi-Fi...), installing equipment specific to electric vehicles or any other innovative product on request... Also ensuring the cleanliness of your exhibition area.
